

Dear Customer,

We trust that this email finds you well and that everything is now back to a relative normality for you and your business.

Please find below our 2022 price list which will come into effect on January 1, 2022. Please be assured that we have kept any increases to an absolute minimum but we, like most brands, have been hit hard by our suppliers.

Please note that it is an extensive price list consisting of many pages and we certainly would not recommend printing. If, however, you would like to print the pattern book price inserts, please select from the documents linked below. You can identify any changes from the asterisk alongside the amended items.

We will, of course, honour any open quotations for early 2022, provided they have been logged with our customer service team **by December 31, 2021**.

Please feel free to contact us, or your representative if you have any queries or further requirements.

It just remains, on behalf of the whole Thibaut team, to thank you for your continued business and we very much look forward to an exciting 2022.

Yours sincerely,

Tim Burles

MD Europe
