## Bring the Outdoors in with Oasis: A Thibaut Collection of Coordinated Sunbrella® Indoor/Outdoor Soft and Luxurious Fabrics

Newark, NJ – Bring the outdoors in with **Oasis**, a collection of Thibaut’s coordinated Sunbrella® indoor/outdoor soft and luxurious fabrics. The high-performance fabrics in this vibrant collection are lightfast and stain resistant, offering long-lasting beauty and durability. These fabrics can withstand intense light, so while they are great for poolsides and terraces, they can also be used in indoor spaces like sun-filled porches and window seats. Ideal for headboards, bedding, dining chairs, and barstools, Thibaut’s Sunbrella fabrics can be cleaned with all types of detergents—even bleach—and can be washed without shrinkage. Fabrics are tested to withstand extreme conditions of the Florida tropics to the deserts of Arizona and California. This rigorous testing reinforces Thibaut’s trust in the Sunbrella 5 year warranty. Patterns in the Oasis collection coordinate with patterns in the Portico and Calypso collections.

**Boardwalk** is a simple and dimensional nautical stripe, with an almost rope-like yarn and a woven textured ground.

Better than a basic plain, **Lido** is a textured chenille with a contemporary/retro vibe.

**West Palm Woven** is a densely woven natural palm leaf pattern is big in scale and makes a bold statement. The ground is woven with a special bouclé yarn, updating this classic motif. The pattern is non-directional which makes it versatile anywhere.

Named for an exotic animal preserve, **Shambala** is an upbeat and playful take on a leopard pattern that is easy on the eyes. The mix of colorful weaves is softened by textures.

Soft and luxurious **Talisman** is an all-over diamond pattern that can be used anywhere. It is simple enough for large upholstery and special enough for a dining room chair. The tone on tone chenille yarn give this fabric a nice, supple hand.

**Windsong** is a multi-colored texture with a visible weave effect that offers just the right amount of interest and dimension. This is not your average sofa fabric! The heathered yarn is reminiscent of a handwoven raffia.

WALLPAPER FABRIC FURNITURE

Inspired by our Danube Ikat wallpaper, **Danube Ikat Stripe** is a soft woven fabric that pairs nicely with other patterns in the Oasis collection. Vertical breaks in the ikat give it a handmade look.

**Delray Diamond** is a simple, large-scale 3-color pattern that emulates a dyed textile. The perfectly sized layout is ideal for pillows or cushions.

**Linea Chevron** is a mid-size chevron pattern which mixes varying shades of one color and white to give a softened graphic effect.

**Trinidad** makes use of a new Sunbrella yarn that is evocative of a natural fiber. It's hard to believe this is an outdoor fabric because it looks like a luxurious linen! The detailed concentric diamonds make for an especially beautiful interior upholstery fabric.

An impressionistic moire or woodgrain pattern, **Soundwave** has been softened to give the fabric that luxurious hand. Although it has a large repeat, it makes a subtle statement with its tone on tone coloring.

Like finding a treasure on a beach, **Beachcomber** is a simple chenille with a horizontal texture. This densely woven plain was designed for use on a whole outdoor setting or as a basecloth for interior sofas and sectionals.

**Parquet** is a graphic geometric that brings to mind decorative wooden floors or unique tiling patterns. Look closely and you will see this pattern creates a vertical stripe effect. This fabric has an interesting mix of raised bouclé yarn with a flat weave.

An addition to Thibaut's Sunbrella sheer offering, **Windswept** is a simple variegated vertical stripe. It can be used inside or outside to soften light. Remember, it can be washed and cleaned with bleach to keep it white and fresh!
