**SEPTEMBER 2017**  
For Immediate Release

## Performance Across the Spectrum

**Newark, NJ – Pinnacle** is performance across the spectrum of colors and materials. Each of the 60 SKUs in this collection exceeds 50,000 double rubs and has the assurance of Crypton Home® technology providing livable, durable fabrics. The rich color palette ranges from basic, subtle neutrals to seafoam aquas, grassy greens, and denim blues. Fashion forward herringbones and trendy chevrons provide great visual interest and texture and are ideal for upholstery - from expansive sectionals to occasional ottomans.

**Beatrix** makes waves with undulating lines and an emblem of velvety V-shapes. The hand of the cotton chenille is soft and luxurious.

**Ashbourne Tweed** has a long color line of rich hues with visual interest. Like a classic Chanel suit, it is an iconic weave and works everywhere.

**Dalton Herringbone** is a timeless pattern designed for family-friendly living. The play of the soft woven chenille gives the fabric a slight variegated sheen.

Low nap and a lusciously soft hand make **Bronwyn Herringbone** a great “go-to” as a universal basecloth for upholstery. Colorways include basic neutrals and a punchy Royal Blue.

**Hamilton Herringbone** is a classic pattern woven with a mix of classic materials like cotton, rayon and flax. The tailored lines will accentuate the fine curves of any tight furniture frame.

Soft like cashmere, **Alpine Chevron** boasts understated glamour with its small and nimble mountain slopes.

With an obvious art deco influence, **Gatsby’s** elegant lines perform a slight trick of the eye. The beauty lies in details of this understated fabric, available in 3 dashing neutral colorways.

Like handcrafted woven basketry, **Matari Chevron’s** grand scale is versatile and ultra-dimensional.

The **Pinnacle** Collection and other Thibaut collections are available through interior designers and fine decorating stores worldwide.
