## Thibaut's Summer House Collection is Full of Vibrant Colors in Full Bloom

Newark, NJ – Escape to **Summer House**, a collection of coordinating wallpaper and fabrics that encompasses vibrant colors in full bloom. The mix of blossoming flowers, simple shapes, and retro batik patterns will satisfy your longing for the return of the warmth of summer!

Emulating a classic tie dye technique, **Sunburst** is a largescale pattern that replicates the view inside a kaleidoscope.

**Cyrus Cane** is an old Thibaut pattern from the early 1970s. This traditional caning pattern has been updated in bright and bold colorways.

Influenced by 17th century Imari porcelain, which was named after the Japanese port that it shipped in to. The vases in **Imari Vase** are graphic and stylized.

Inspired by natural beauty, the watercolor design of **Open Spaces** simulates the open spaces of dewy meadows. The matching fabric has a tight weave and soft hand, like a fine percale.

**Bonita Springs** is a loosely painted and large-scale batik floral with a matching print fabric.

Inspired by an antique document, **Palm Island** will instantly transport you to the tropics. The wallpaper is printed on non-woven paper using a new surface print technique.

**Summer Stripe** is a classic cabana stripe available in colors influenced from beach chairs that line the shores of the south of France.

**West Palm** is a large-scale tropical frond printed on a horizontal paperweave. This pattern is related to West Palm Woven in the Oasis collection.

Named after an island of Cuba, **Cayo** is a hand-dawn ikat dash is a great coordinate to other patterns in the Summer House collection.

Named after a beach in St. Croix, **Sandy Point** is a small-scale pattern that mimics tiny sand pebbles.

Not to be feared, the friendly jellyfish in **Jellyfish Bloom** are fun and novel.

**Surfrider** is a horizontal paperweave dyed in custom colors that highlight the variegated effects of natural grasscloth.

Taken from a 1920s document, **Santa Monica** is a retro pattern and the perfect small print companion. Like a ripple of water, the waves of **Wavelet** ripple through the stripe in this print fabric.

At 116" wide, **Roanoke Sheer** is a wide-width sheer. The polyester keeps it from shrinking and wrinkling and helps to retain its shape.

**Deco Mountain** is a retro-camouflage pattern that meets a geometric print. It is printed in Thailand.

Hand-printed in India, **St. Croix** is a modern version of a brain coral pattern you might find while snorkeling near the beaches of St. Croix.
