## Thibaut Masters Geometrics in Woven Resource Volume 7: Companions

**Newark, NJ** -- Thibaut masters geometrics in **Woven Resource Volume 7: Companions**, a collection of textural wovens whose colorways coordinate with other Thibaut color palettes. These soft-edge patterns come range from small to medium-scale and are intended for upholstery use.

Named after the father of the puppies in "101 Dalmatians," **Pongo** is a fresh animal print in a small, usable scale and unique, faux-gros point construction. Available in many clean and bright Thibaut colors.

Inspired by an African textile, kuba cloth, **Kuba** plays with positive negative figure/ground relationship. The cotton surface gives it a soft, chenille-like hand to this primitive geometric shape.

**Delilah** is a three-color woven fabric characterized by texture. The dobby weave structure highlights this small, geometric pattern.

Inspired by needlepoint design, **Nexus** has a preppy look and color line. This fabric is ideal for crisp, tailored upholstered applications.

A classic vermicelli pattern, **Virtuoso** is important to the collection because of its rounded forms and range of movement. Chenille yard gives a plush, comfortable feel.

**Octavio** is a thick, multidirectional pattern with lots of surface dimension. White cotton yarn accents the wide range of neutral and colored grounds. This pattern is a bit smaller scale for usability.

**Woven Resource Volume 7: Companions** and other Thibaut collections are available through interior designers and fine decorating stores worldwide.
