Thibaut Launches Sumptuous Upholstery Fabrics in Woven Resource Volume 8: Luxe Textures

Newark, NJ -- Thibaut introduces Woven Resource Volume 8: Luxe Textures, a collection of sumptuous wovens that are intended for upholstery use. The exquisite combination of colors and fibers result in durable fabrics with an extremely soft hand. The unique look and softness are the result of using a viscose chenille fill on a linen/bamboo warp. The chenille weft yarn is dyed in Belgium and the range of neutrals and rich hues complement Thibaut's wonderful palette. While there may be similar-looking items from other suppliers in the marketplace, these fabrics are pre-backed for a tighter weave and coated to give stain resistance.

In reference to the small diamond figures, **Diamante** has subtle geometric shapes throughout.

Montebello Herringbone is a classic, medium-scale herringbone that has a lot of depth and dimension.

Luxe Weave is available in a wide range of colors. The softness of this luxe plain will uplift any upholstery.

Woven Resource Volume 8: Luxe Textures and other Thibaut collections are available through interior designers and fine decorating stores worldwide. Founded in 1886, Thibaut is the oldest continuously operating wallpaper company in the United States. Known for its exceptional and unique designs, the company distinguishes itself from its competitors with inspiring color palettes, fresh interpretations of classic designs, and exclusive artwork created by an in-house design team. Design styles range from historic reproductions, toile, and chinoiserie to tropical and novelty patterns. Designers and consumers have been attracted to the firm's creative designs that "push the envelope," their exclusive print fabrics, new woven fabric lines, and their market-tested products that help inspire people to decorate.
